BOXPACK
ZAMBIA LIMITED
Manufacturers of Corrugated Boards and Boxes

ABOUT US

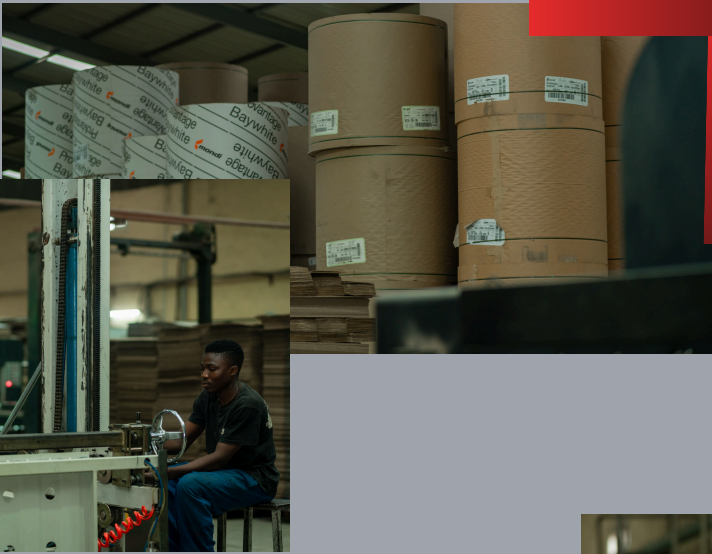

Founded in 2009, BoXPack Zambia Limited is one of Zambia's leading manufacturers of corrugated boxes and packaging solutions designed to meet the highest standards of quality, strength, and sustainability.

With a current production capacity of 600 tons per month, BoXPack is embarking on a strategic expansion to triple its monthly output to 1,800 tons. This milestone will not only help meet Zambia's growing packaging needs but also significantly reduce the country's reliance on imported materials, thus strengthening local industry and supporting economic growth.

Our 4,200 Square metre expanding to 9,000 Square metre state-of-the-art facility serves a diverse client base across the FMCG, food and beverage, cosmetics, pharmaceutical, and agricultural sectors.

We are dedicated to excellence through the use of advanced manufacturing technology, a highly skilled workforce, and a thorough understanding of regional market demands. Every product we produce embodies precision, durability, and value, enabling our clients to confidently protect, transport and showcase their goods.

OUR CAPABILITIES

- **Current Production Capacity:**

600 tons per month, expanding to 1,800 tons per month

- **Facility Size:** 4,200 Square metre expanding to 9,000 Square metre equipped with high-capacity, modern machinery

- **Product Range:** Corrugated boards, interlocking trays, printed and plain carton boxes, and customised packaging solutions

This expansion positions Boxpath as a key player in Zambia's manufacturing sector, enabling us to meet increasing demand for locally made packaging solutions while reducing dependence on imported materials. It also reflects our continued investment in innovation, capacity building, and national industrial development.
